

Application to the
SOLARNET

Transnational Access Programme

for the 2021B observing season: GREGOR

To be sent by email, together with the appropriate detailed proposal forms for the wanted telescope(s) as pdf files, to east-tac@astro.su.se no later than 24 May 2021 23:59 UT.

Project name

The title of the project

Applicant information

Role	Name	Email	Affiliation (Country)
PI	A. Person	a.person@solar.ac.uk	Solar Institute (UK)
CoI	A. Nother Person	a.n.person@solar.fr	Institute Solaire (FR)
CoI	Also A. Person	a.a.person@solar.no	Solinstituttet (NO)

Observations programme information

We apply for observations with the following instruments.

Days	Telescope	Instruments	Countries	PI new to the facility	Expected observing period
0	GREGOR		DE, ES	✓	Aug-Nov

If two or more telescopes are requested then this will be taken as an application for coordinated observations to be accepted or rejected in its entirety. For the possibility of using only one telescope, please submit a separate proposal for that telescope.

Appendices: 1. GREGOR proposal form.

Legal

SOLARNET applications must follow these rules:

- PI's affiliation country cannot be the same as the telescope country (owner and location). The same applies to the majority of the CoIs.
- This call will allow applications also from countries that are not EU members or associated states.
- You must acknowledge support from SOLARNET when publishing results. You must also report to SOLARNET about publications. See <https://solarnet-project.eu/Acknowledgement-SOLARNET-EU-funding>.

By submitting this application, the PI certifies that they follow the rules above and that they are aware of the paragraph below.

Data will become public one year after delivery to the PI.

Use this form also for ITP. Then the application must include researchers with affiliations in at least two of the following countries: Spain, UK, Germany, France, Italy, Finland and Belgium.

The SOLARNET Transnational Access Programme has received financial support from the European Union's Horizon 2020 research and innovation program under grant agreement No. 824135.
