

Application to the
SOLARNET

Transnational Access Programme

for the SUNRISE III mission.

To be sent by email, together with the appropriate detailed proposal forms for the wanted telescope(s) as pdf files, to east-tac@astro.su.se no later than 17 November 2021 23:59 UT.

Project name

Substitute this with the name of your project.

Applicant information

Role	Name	Email	Affiliation (Country)
PI	A. Person	a.person@solar.ac.uk	Solar Institute (UK)
CoI	A. Nother Person	a.n.person@solar.fr	Institute Solaire (FR)
CoI	Also A. Person	a.a.person@solar.no	Solinstituttet (NO)

Observations programme information

We apply for observations with the following facilities.

Net observing time [hours]	Telescope	Countries	PI new to the facility	Expected observing period
	SUNRISE III	DE	✓	June 2022

Appendices: 1. SUNRISE III proposal form.

Legal

Applications must follow these rules:

- PI's affiliation country cannot be the same as the telescope country. The same applies to the majority of the CoIs.
- The affiliation of the PI and at least half of the Co-I's must be in an EU or associated country or the UK — the country of the telescope does not count as EU in this context.
- You must acknowledge support from SOLARNET when publishing results. You must also report to SOLARNET about publications. See <https://solar-net-project.eu/Acknowledgement-SOLARNET-EU-funding>.

By submitting this application, the PI certifies that they follow the rules above and that they are aware of the paragraph below.

Data will become public at most one year after delivery to the PI.

The SOLARNET Transnational Access Programme has received financial support from the European Union's Horizon 2020 research and innovation program under grant agreement No. 824135.
