

## Transnational Access Programme

for the 2022PD call: Piz Daint supercomputer during the 2022Q4-2023Q2 allocation period.

To be sent by email to [east-tac@astro.su.se](mailto:east-tac@astro.su.se) no later than 15 September 2022 23:59 UT.

### Project name

Please substitute with the title of your project

### Applicant information

Role	Name	Email	Affiliation (Country)
PI	A. Person	<a href="mailto:a.person@solar.ac.uk">a.person@solar.ac.uk</a>	Solar Institute (UK)
CoI	A. Nother Person	<a href="mailto:a.n.person@solar.fr">a.n.person@solar.fr</a>	Institute Solaire (FR)
CoI	Also A. Person	<a href="mailto:a.a.person@solar.no">a.a.person@solar.no</a>	Solinstituttet (NO)

### Project information

We intend to apply for time on the following facility.

Node hours	Facility	Countries	PI new to the facility	Computing period
N/A	Piz Daint	CH	N/A	Dec 2022 – Jun 2023

### Legal

Applications must follow these rules:

- This is a preliminary proposal. Time allocation will be based on the full proposal.
- PI's affiliation country cannot be the same as the facility country (owner and location). The same applies to the majority of the CoIs.
- The PI and at least half of the CoI's must be from an EU member or associated state or the UK.
- You must acknowledge support from SOLARNET when publishing results. You must also report to SOLARNET about publications. See <https://solarnet-project.eu/Acknowledgement-SOLARNET-EU-funding>.

By submitting this application, the PI certifies that they follow the rules above and that they are aware of the paragraph below.

Data will become public one year after delivery to the PI.
