The International Scienti c Committee (CCI) of the Observatorios de Canarias

for the 2023A observing season: GREGOR and THEMIS

To be sent by email, together with the appropriate detailed proposal forms for the wanted telescope(s) as pdf les, to east-tac astro.su.se no later than 20 January 2023 11:00 UT.

Project name

Observations of minute details in major structures

Applicant information

Role	Name	Email	A liation (Country)
PI	A. Person	a.person solar.ac.uk	Solar Institute (UK)
Col	A. Nother Person	a.n.person solar.fr	Institute solaire (FR)
Col	Also A. Person	a.a.person solar.no	Solinstituttet (NO)

Observing programme information

We apply for observations with the following telescopes.

Days	Telescope	Instruments	Expected observing period
10	GREGOR		Apr–Aug
10	THEMIS		Apr-Oct

If two or more telescopes are requested then this will be taken as an application for coordinated observations to be accepted or rejected in its entirety. For the possibility of using only one telescope, please submit a separate proposal for that telescope.

Appendices:1. GREGOR proposal form. 2. THEMIS proposal form.

Legal

Applications must follow these rules:

There must be applicants from at least two of the following countries: Spain, UK, Germany, France, Italy, Finland and Belgium.

By submitting this application, the PI certi es that they follow the rules above and that they are aware of the paragraph below.

This is an application for ITP time only. There is no other support, like travel costs, associated with this.
